TOWN MANAGER'S UPDATE

As summer comes to a close, many Acton families are preparing to return to school. This is an exciting time of the year for students, as they embark on the next steps of their academic experience. On behalf of Town staff, I would like to commend students, teachers, and families for their patience, dedication and hard work throughout the previous year, and wish them a healthy and successful next school year.

Town staff has initiated the development of the Fiscal Year 2023 Recommended Budget and Capital Plan. Over the next several months, the Town Manager's Office and Finance Department will work jointly with Town departments to develop departmental budget and capital requests. As we closely monitor public health trends, we are working on our recovery from the pandemic and focusing resources to deliver services and meet the needs established by the Select Board. This process will culminate in a proposed FY 2023-2032 Capital Improvement Plan to be presented to the Finance Committee in mid-November and a Recommended Budget and Capital Plan presented to the Select Board in early-December.

This month will mark the passage of two decades since the tragic day that changed our lives forever. On Saturday, September 11th at 10:00 AM at the Public Safety Facility, the Town of Acton will host a Remembrance Ceremony to commemorate the lives lost - including two Acton residents, Philip Rosenzweig and Madeline Amy Sweeney. A shuttle will be available starting at 8:30 AM to assist attendees with transport from the Town Hall to the ceremony.

From left, Town Manager John Mangiaratti, Deputy Police Chief Jim Cogan, Mason Sullivan, Officer Sullivan, brother A.J. Dellicicchi, sister Katie Rocklin, cousin Terri Boudreau, aunt Marybeth O'Leary and Uncle James O'Leary.

On August 10th, I was honored to present alongside Deputy Police Chief Cogan the 2021 Joseph A. Lalli Public Safety Employee of the Year Award to Officer Tricia Sullivan. Officer Sullivan has served on the department in various roles since 2002, including School Resource Officer, Elder Affairs Officer, member of the Domestic Violence Unit, and as a Sexual Assault Investigator. Officer Sullivan is honored for her care, compassion and dedication to all Acton residents, and is commended for her commitment to public service.

Sincerely,
John S. Mangiaratti
Town Manager

PUBLIC WORKS

MAILBOXES: We encourage all residents to inspect the condition of their mailboxes & posts and make necessary repairs or replacements prior to the snow season. Each mailbox installation should be sufficiently solid to withstand snow-clearing efforts by the Town. We do not recommend the use of plastic mailboxes as they become very brittle in cold weather. When installing a mailbox choose a suitable location. If you are unsure, check with the postal carrier.

FALL PAVING: Paving is scheduled to begin the end of September on the following roads:

- Brucewood Rd
- Driftwood Rd
- Fernwood Rd
- Nagog Hill Rd (house #226 to Town Line)
- Nagog Hill Rd (Main St to Greenwood Ln)
- Long Ridge Rd
- Maple St (Main St to house #21)

This process will involve grinding, adjusting drainage structures and putting down a final course of pavement. Please note, the duration and schedule can change depending on the weather or other conditions that may arise. While the crew is working there will be no on-street parking allowed within these areas. A police officer will be in the area to direct traffic and signs will be posted.

We appreciate your cooperation and patience during this time. If you have any questions, you may call the DPW/Highway Division during business hours (7 AM – 3:30 PM) at (978) 929-7740 or email highway@actonma.gov.

PUT YOUR FOOD SCRAPS TO GOOD USE

Did you know that you can reduce the amount of trash you have to throw away, save money, and improve your local soil all by just starting your own compost pile? As an Acton resident you are eligible to participate in the At-Home Compost Bin Program! See your options below:

ENVIRONMENTAL LEADERS SPOTLIGHT: CONGREGATION BETH ELOHIM

Placing solar panels on the roof of the Congregation Beth Elohim's (CBE) Synagogue wasn't an option due to the building's unique design, but that didn't stop them from getting creative. An idea that started out as a single solar canopy turned into one of the largest solar installations by a faith-based organization in the state of Massachusetts. A partnership between CBE, 621 Energy, and Sunwealth allowed for the creation of this project through a solar Power Purchase Agreement (PPA).

The 4 solar canopies located in the parking lot of the CBE have been in operation for almost one year and have generated over 273 MW of electricity and reduced 147 tons of carbon dioxide emissions. The CBE's solar canopy project supports two fundamental CBE values: Tikkun Olam (rebuilding the world) and Sh'mirat Adamah (protecting the earth). The electricity generated by these panels supports not only the synagogue but also 15 low income families in Massachusetts. CBE's green team members Barry Nyer, Matt Liebman, Matt Kontoff, and Bob Becker led this project, taking the idea from paper to reality in five years.
